

# AT A GLANCE: PLANNED PARENTHOOD AFFILIATES IN NEW JERSEY

2023 • [www.ppmnj.org](http://www.ppmnj.org) • [www.ppncsnj.org](http://www.ppncsnj.org) • [www.ppactionnj.org](http://www.ppactionnj.org) • [info@ppactionnj.org](mailto:info@ppactionnj.org)

The two Planned Parenthood affiliates in New Jersey — **Planned Parenthood of Northern, Central, and Southern New Jersey** and **Planned Parenthood of Metropolitan New Jersey** — provide high-quality, comprehensive, affordable reproductive health care at 22 health centers across the state. We provide a full range of preventive reproductive health care services, including lifesaving cancer screenings, birth control, and testing and treatment for sexually transmitted infections and HIV/AIDS. We are also proud to provide abortion services and we ensure that our patients have accurate information about all of their options.

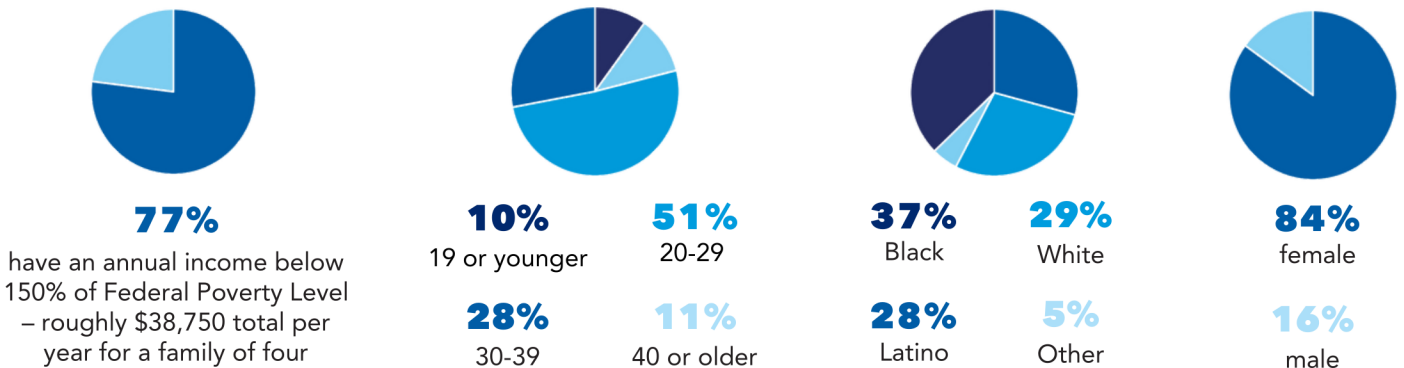

As access to reproductive health care dwindles across the country, our mission to provide affordable and accessible cancer screenings, STIs, urinary tract infections, birth control, abortion, and other reproductive health services is more important than ever. As a trusted health care provider, we will continue to provide care, no matter what.

In addition to our health care services, we provide and support education programs that empower young people, adults, and families to make healthy decisions and lead healthy lives. We advocate for public policies that protect and expand access to these services and other important issues that impact the daily lives of Planned Parenthood patients.

## 2022: BY THE NUMBERS

## PATIENT DEMOGRAPHICS

\* Percentages may not add up to 100 due to the nature of race and ethnicity data.
